# **To Our Customers**

This little booklet is being published for the convenience of the wholesale trade in this area. It will give an idea of our Camellia and Azalea stock, and we solicit orders on the basis of this stock. Every plant we sell is produced under the best conditions possible and is guaranteed to be true to name and free of disease when we send it out.

This year we have a better selection of Camellias, and our Gardenias are far better than last season. Certain varieties of Camellias are still a little scarce, but if you will come to see us early we feel sure that we can serve you without any trouble. Please let us know what you need, and if we do not have it we will try to find it for you.

**LOCATION OF NURSERY.** Our nursery is located three miles south of Winter Haven. Follow U. S. 17 south to the traffic light at Eloise; turn west for  $\frac{1}{4}$  mile. We are on the south shore of Lake Shipp.
